

# **CHERY CHILDCARE CENTER**

## **FIELD TRIP POLICY**

We are interested in all areas of growth and development in our students. Due to this fact, field trips are an important part of meeting this goal. These are to be learning experiences as well as trips for enjoyment and to offer a change of pace. The following criteria are applied to create uniformity and structure as well as to ensure the safety of our students.

### **I. Permission Slips**

Parents must fill out permission slips in order for the children to be released to participate in the field trip. The permission slip will include the date and purpose of the field trip; the times of departure from and return to the facility; the name, street address and telephone number of the field trip destination; and, if applicable, the cost.

### **II. Written Field Trip Plan**

The staff member in charge of planning the field trip will write a field trip plan that will include the name of each participating child, staff member, and other individuals on the field trip; the times of departure from and return to the facility; the license plate number of any motor vehicle used on the field trip; and the name, street address and telephone number of the field trip destination.

### **III. Ratios**

Each lead teacher shall contact the office two weeks prior to their field trip to ensure extra team members are scheduled to aid in the ratios. The ratios established and used for each class and age group shall be exceeded by at least one qualifying team member. Parents and volunteers may only be used in the ratio if they have gone through the screening process. Before leaving the center, students will be divided into ratio groupings. This shall be done at the direction and discretion of each lead teacher. Each teacher and volunteer used in the ratio shall be responsible for specific children and be made aware of this prior to leaving the facility. Each staff member shall ensure that each child on the list is present at all times and place a checkmark next to the name of each child present at the following times: 1) At the beginning of the field trip or when boarding the motor vehicle, 2) Upon arrival and each hour while at the field trip destination, 3) When preparing to leave the field trip destination or when boarding the motor vehicle to return to the facility, and 4) When reentering the facility at the conclusion of the field trip.

### **III. Containment Areas**

In some limited types of field trip outings, it may be advantageous to set up a "zone-defense" type of containment area rather than to continue "man to man" ratio style containment. "Zone-defense" is defined as a pre-determined area which each teacher will be responsible for. We use a team concept, where the team leaders are responsible for setting up containment areas. The lead teacher, or team leader, is required to assign "zone-defense" positions and parameters such as: no grouping of teachers and no sitting on picnic tables. The lead teacher, or team leader, will decide which system will provide adequate safety for the children. This containment area shall be specific, and each team member is to be given a specific assignment similar to the method used during the evening playground time. When the containment area is closed down, each child shall return to the team member's care that was assigned to each of them prior to leaving our facility.

### **IV. Emergency Plans**

In case of an emergency while on a field trip:

- A. We will make sure that all of the children are kept together in a safe place.
- B. We will take a head count and keep all of the children calm.

B. Staff members will use their cell phone or radio to contact the center, and then 911 if necessary. They will also contact the child(ren)'s parent if necessary.

C. Staff members will follow the directions given by either the most senior supervisor on duty at the center or 911.

#### **V. Parental/Volunteer help**

All parents or volunteers must be screened according to the process outlined in the Volunteer Policy.

#### **VI. Expenses**

All field trips should be kept to a minimal expense. For the most part, parents will cover the expense of their child attending the field trip. Teachers shall endeavor to round the cost of the outing to the nearest even dollar. In the planning stage they shall endeavor to ensure the funds charged to the parents cover the cost of the team members accompanying the students on the trip. Teachers need to complete the proper paperwork if the field trip requires an activity fee. If staff members are paying by check, (or need cash in advance) a check requisition form must be filled out and turned in to the Director by Wednesday of the week before the event. If staff members want to be reimbursed for the field trip, they must fill out an expense reimbursement form and turn it in with their receipt after the event is concluded.

#### **VII. Leaving the Facility**

Before leaving the facility, staff members must make sure they have notified the office of the time they left and the time they will return. Also, staff members must have the following items with them: first aid kits, meds (if needed), a copy of each child's emergency card and a cell phone or radio. Staff members are required to make sure the office knows which form of communication they have. Water in an amount sufficient for each participating child during the field trip should also be taken in a water cooler and cups for drinking. If the field trip spans a snack and/or lunch time staff members are responsible to take the snack/lunch with them. If something special is needed in the way of supplies or food, the staff member planning the field trip must notify the office team at least one week prior to the field trip. Children must be wearing in plain view a written identification stating the facility's name, address, and telephone number. Children must also wear a written identification stating the child's first and last name. This identification must be out of view.
